

## SESSION 2

# Industry's Biggest Needs, Standard 20 and 7E

**Anthony (TJ) Rizzo**  
Chief Commercial  
Officer  
**Cold Chain  
Technologies, Inc.**

**Bryan Cardis**  
Sr. Consultant  
Engineer,  
**Eli Lilly and  
Company**

**Arminda Montero**  
Associate Director, Global  
Supply Chain Quality,  
**AbbVie Inc.**

**Bill Mayer**  
Director of Research  
and Development,  
**Pelican Biothermal**

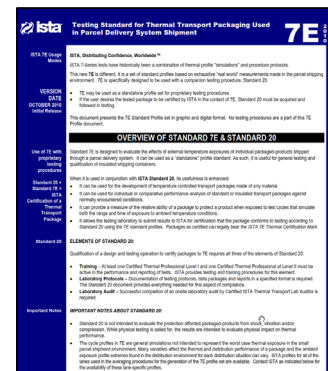

**Carolyn Williamson**  
President,  
**Parenteral Supply  
Chain**

## STD-0020:

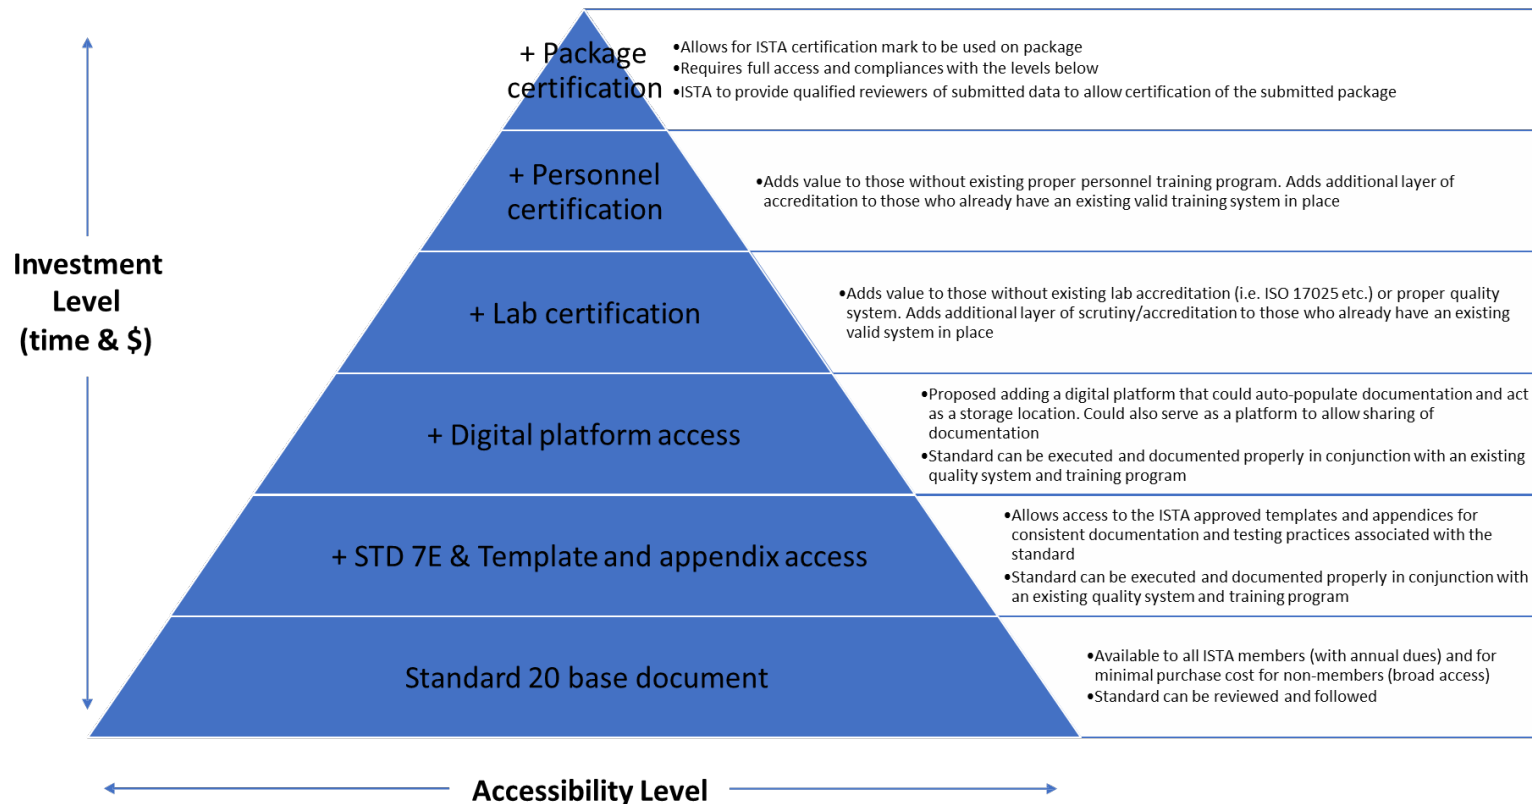

- Design and qualification process that provides the structure and path to design, test, verify a specific Insulated Shipping Container (ISC) for use.
- Sets minimum requirements for qualifying insulated shippers

## STD-7E:

- Testing Standard for Thermal Transport Packaging Used in Parcel Delivery System Shipment.
- Includes heat and cold profiles developed from data gathered in real world transport.
- Intended to address issue of gauging ISC performance of designs across manufacturers by offering a standard profile for performance testing.

# Potential ISTA STD 20 Reorg Concept

# Industry's Biggest Needs

What are the most pressing needs for the industry today?

- COVID-19 Challenges?
- Frozen Shipments?
- Real-Time Monitoring & Monitor Qualification?
- Sustainability?

**Open discussion - We  
want to hear your  
thoughts!**

Please speak up or chat your ideas,  
comments, feedback, additional  
details

## Monday, April 11

- **Forum Social Mixer** 5:30pm – 7:00pm

## Tuesday, April 12 8:30am – 5:00pm

- **Topics include:** ISTA Technical Update and PackSight, PQ Best Practice Guideline, Ambient Temperature Profile Best Practice Paper, Discussion on Industry Sharing with Lane Data, and a Sustainability Panel
- **Exhibitor Reception** 5:30pm – 7:30pm

## Wednesday, April 13 8:30am – 7:30pm

- **Topics include:** Covid Challenges and Key Learnings Discussion, Monitor Qualification Discussion and Case Studies and Presentations on Frozen, Sustainability and Real-Time Monitoring
- **Farewell Closing Celebration** 5:30pm – 7:30pm

 **ista FORUM 2022**

# TempPack

**APRIL 11-13** SAN DIEGO, CALIFORNIA

# Present At TempPack

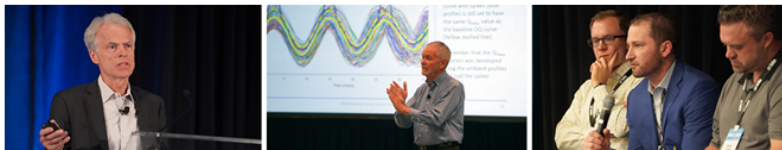

**ista FORUM 2022**

**TransPack | TempPack**

 **Submit a speaker abstract today!**  
Deadline for submission is Friday, October 15th.

**TransPack TempPack | APRIL 11-13 | SAN DIEGO, CALIFORNIA**

#### Target topics of interest:

COVID-19 Challenges and Key Learnings | Frozen Shipment Best Practices and Case Studies | Real-Time Monitoring & Monitor Qualification | Sustainability Case Studies of Re-Use vs. Single Use | New Methods for Protecting High Value Product in the Supply Chain | Use of the Internet of Things (IoT) for Gathering or Acting on Temperature Data Within a Supply Chain | Innovative Cold Chain Packaging Solutions
